YOUR EXPERIENCE

Ocean Rafting visits the "wild side" of the Whitsunday Islands, the uninhabited islands with beautiful natural scenery brimming with marine, bird and animal life. The Northern Exposure and Southern Lights tours offer an exhilarating ride to Whitehaven Beach and Hill Inlet, pristine snorkelling reefs and guided Whitsunday Island National Parks walks, all in one day!

YOUR DESTINATION

Ocean Rafting's special permits allow for direct access to all areas of iconic Hill Inlet Beach and special snorkel sites at Hook Island and Border Island ensure a memorable underwater experience. Experience the beauty of Hill Inlet's spectacular shifting white silica sands and Whitehaven Beach's crystal clear aqua water.

YOUR RIDE

The semi-rigid inflatable vessels travel at speeds of up to 35 knots (65 km/hour), and with an average cruising speed of 27 - 29 knots, they are the fastest day boats in the Whitsundays. The perfect "power to weight" ratio makes them versatile, manoeuvrable and fast, while offering a 360-degree view. Each vessel takes a maximum of 25 to 32 passengers, with small groups allowing you to experience tropical paradise away from the crowds.

YOUR SPECIAL ENCOUNTERS

Special snorkelling sites around the fringing reefs of Hook and Border Islands allow for pristine snorkelling and amazing marine life encounters in uncrowded locations. Snorkel with turtles and tropical fish, explore the spectacular coral reefs, watch pods of dolphins riding the bow of the vessel and see majestic Humpback Whales during their breeding season. Observe the rare Estuarine Stingrays and soldier crabs at Hill Inlet and see a range of wildlife including goannas on the guided bushwalk to Hill Inlet Lookout.

YOUR HOSTS

The experienced Skipper and Eco Host offer a fun filled adventure and personalised service, with snorkelling lessons, a guided Whitsunday Island walk and informative reef interpretations, ensuring your tour is filled with fun and appreciation of the Great Barrier Reef and Whitsunday Islands.
