Ocean Rafting™

THE ORIGINAL AND MOST AWARDED TOUR IN THE WHITSUNDAYS!

ISLAND SEEKER

Become an Island Explorer for a day with Ocean Rafting's Island Seeker educational adventure.

INTRODUCTION

Explore the “Wild Side” of the Whitsunday Islands with multi-award-winning Ocean Rafting and our Island Seeker educational package!

Join our Eco Hosts, Master Reef Guides and Marine Biologists on an interpretive and hands-on guide to the Ecological, Biological, Cultural and Geological beauties of this World Heritage Listed paradise.

Island Seeker takes you beyond the waterline and onto the trails, beaches and lookouts of this World Heritage Listed paradise, offering a unique opportunity to walk, learn and connect with island ecosystems up close.

Enjoy guided interpretive walks through coastal forests, mangrove shallows and iconic island lookouts, where you'll discover how these ancient landscapes were formed and why they are so vital to the biodiversity of the Great Barrier Reef Marine Park.

With a focus on education, conservation and meaningful connection, this inspiring tour is the perfect way for students, families and nature lovers to experience the islands like never before.

Ocean Rafting's exclusive access and National Park permits allow us to showcase the very best of the Whitsunday Islands on foot, giving you the ultimate land-based eco-adventure.

EXPERIENCE OVERVIEW

Ocean Rafting's Island Seeker is an educational eco-tour designed to inspire curiosity, build environmental knowledge and deepen connections with the islands of the Great Barrier Reef Marine Park

This experience includes:

- A Fun, high-energy day trip including interpretive talks, epic marine life encounters and Ocean Rafting's signature adrenaline-fuelled boat ride.
- Interpretive talks covering geology, ecology, biodiversity, and the cultural significance of the Whitsundays, including an acknowledgement of the Traditional Owners
- An introduction to Eye on the Reef and Rapid Monitoring. An educational reef brief on key indicator species and their significance.
- Lookouts overlooking the swirling white silica sands of Hill Inlet and Whitehaven Beach.
- A guided beach and mangrove walk exploring diverse ecosystems and their inhabitants, including stingrays, juvenile lemon sharks, and soldier crabs.
- Guided coastal, forest, or mangrove walk with interactive learning moments
- Up to 1.5 hours to relax on pristine beaches
- A fresh tropical lunch on one of the islands
- Post-walk Q&A session with our knowledgeable guides
